PasswordCrackTestController.sh

prints the time it takes to execute Task1.sh script  
prints the time it takes to execute Task2.sh script  
prints the time it takes to execute Task3.sh script

Task1.sh

executes the task1 command –

python3 simple\_unix\_pwd\_cracker.py -t 1 -i pwd\_hash\_task1.txt

Task2.sh

executes the task2 command –

python3 simple\_unix\_pwd\_cracker.py -t 2 -i pwd\_hash\_task2.txt

Task3.sh

executes the task2 command –

python3 simple\_unix\_pwd\_cracker.py -t 3 -i pwd\_hash\_task3.txt
